Memo for : SA/PC/DCI, Mr. Richard M. Bissell, Jr. *Noted RMR Jr.*

Subject : Ramo-Woldridge Documents

1. I have talked with the following persons who are involved in getting the above documents:

[redacted] (Logistics Library) [redacted]
[redacted] (OCD Liason) [redacted] 1315 M Bldg.

[redacted] now has requests for three groups of documents in amounts of 160, 100 and 28. In order to give priority through his only channel, he requested special attention from Mr. Gallagher, our contact at the Library of Congress, and Dr. Gray, the ASTIA representative at the Library of Congress. As a result officials at Dayton, Ohio, promised to give rush treatment, but then neglected to tell their people this, who consequently have been handling this request as routine.

2. [redacted] has now gone back through this channel and has gotten the promise that the bulk of the first group (160) will be here early next week and that the second group (100) will certainly get rush treatment. On the third group (26) I have consented to microfilm copies, which should start arriving by late next week or about 10 days from time of request.

3. I think our error here was giving the problem to [redacted] when ~~xxx~~ naturally is not familiar with Agency channels and facilities. If you wish we can send someone to Dayton early in the week to get this material from the library directly, but I suggest that if we go to this trouble the library should first receive a phone call from an appropriately senior official in the Pentagon to make certain there is no delay during the trip.
